ORDINANCE NO. 25-026

TO AMEND *NEW CASTLE COUNTY CODE* CHAPTER 13 ("STORMWATER MAINTENANCE DISTRICTS") REGARDING STORMWATER MAINTENANCE AND THE VILLAGE OF BAYBERRY SOUTH

WHEREAS, stormwater is an important water resource which supports, among other things, groundwater recharge for drinking water supplies and base-flow of streams; and

WHEREAS, the requirements of the United States Environmental Protection Agency and the Delaware Department of Natural Resources and Environmental Control demand a comprehensive approach to stormwater management by New Castle County; and

WHEREAS, the federal regulations and Delaware state regulations require the County to implement and fund a program of stormwater controls that address discharges from the County's regulated stormwater flows to local water bodies; and

WHEREAS, inadequate management of stormwater runoff throughout a watershed can increase flood depths and velocities, contribute to erosion and sediment, overtax the carrying capacity of existing streams and storm sewers, greatly increase the cost of public facilities to convey and manage stormwater, undermine floodplain management and flood reduction efforts in upstream and downstream communities, reduce groundwater recharge, and impact other related water resource needs and threaten public health and safety; and

WHEREAS, in order to establish, operate, enhance, and maintain an effective and efficient stormwater management, ensure the continued effective operation of the system through installation and best management practices, and to provide other services such as appropriate inspections, asset management, and regulatory oversight associated with stormwater and watershed management, sufficient and stable funding is required to fund these public services; and

WHEREAS, given the above, New Castle County Council determined it to be in the best interests of the County and its residents to create stormwater maintenance districts to accomplish the above and, thereby, promote more attractive, safer, and healthier neighborhoods; and

WHEREAS, County Council enacted *New Castle County Code* Chapter 13, Sections 13.01.001 – 13.01.007 (by means of Ordinance No. 21-144), creating stormwater maintenance districts to provide an alternative to and assist property owners who are responsible for performing maintenance of stormwater management facilities within residential and mixed-use subdivisions, and to relieve property owners of the burden of the actual maintenance; and

WHEREAS, Chapter 13 provides that a maintenance organization responsible for a stormwater management facility within a subdivision established prior to enactment thereof may petition to establish a stormwater maintenance district ("SWD"), using forms established by the Public Works Department (the "Department"); moreover, the Department is authorized to determine whether a SWD should be established based on a maintenance organization's compliance with *New Castle County Code* Chapter 12, Article 6 ("Stormwater Management Facility, Watercourse, and Drainage System Maintenance"); and

WHEREAS, the stormwater management facility in the Village of Bayberry South is under the County's jurisdiction, and is, in the opinion of County government, necessary for efficient and economical stormwater management; and

WHEREAS, by way of background, the Village of Bayberry South maintenance organization timely petitioned the Department for creation of a SWD; the petition (attached hereto) reflects the affirmative vote for inclusion in the SWD program by the Village of Bayberry South community; and

WHEREAS, the petition includes, among other things, the requisite description of the area incorporated in the proposed SWD, a list of the community members and mailing addresses, applicable parcel numbers, signatures of the community members by parcel, and the individual votes, either yes or no, by community members; and

WHEREAS, the Department supports the petition, which awaits the approval of County Council; and

WHEREAS, if County Council enacts this Ordinance, the SWD program will be approved for the Village of Bayberry South community; subsequent to any approval by County Council, all relevant information evidencing the establishment of the SWD will be recorded with the Office of the Recorder of Deeds; and

WHEREAS, County Council has determined that the provisions of this Ordinance substantially advance and are reasonably and rationally related to legitimate government interests, including, but not limited to, promoting the public health, safety, welfare, and quality of life of the present and future inhabitants of New Castle County, generally, and the Village of Bayberry South community, in particular.

NOW, THEREFORE, THE COUNTY OF NEW CASTLE HEREBY ORDAINS:

Section 1. *New Castle County Code* Chapter 13 ("Stormwater Maintenance Districts") is hereby amended by adding the material that is underscored and deleting the material that is stricken, as set forth below.

…

Sec. 13.01.008. Stormwater maintenance districts - approved.

A. Following are the Stormwater Maintenance Districts approved by County Council:

1. Whispering Woods…

5. Village of Fox Meadow.

6. Village of Bayberry South.

Section 2. This Ordinance shall become effective upon its adoption by County Council and approval by the County Executive, or as otherwise provided in 9 *Del.* C. § 1156.

Adopted by County Council of
New Castle County on:

_____
Monique Williams-Johns
President of County Council
of New Castle County

Approved on:

of New Castle County

SYNOPSIS: By way of this Ordinance, New Castle County Council approves a Stormwater Maintenance District in the Village of Bayberry South.

New Castle County
Stormwater Maintenance District Petition

We the members of **Village of Bayberry South** (Maintenance Organization) hereby submit this petition to New Castle County for acceptance in the Stormwater Maintenance District Program.

The Maintenance Organization is responsible for the following stormwater management facilities:

Facility 1 – Bioswale – 0 Vivaldi Dr -TP 1301332219, Facility 2 – Bioswale – 2734 Van Cliburn Cir – TP 1301341032, Facility 3 – Bioswale-2734 Van Cliburn Cir – TP 1301332202, Facility 4 – Bioswale – 644 Vivaldi Dr – TP 1301343079, Facility 5 – Bioswale – 644 Vivaldi Dr– TP 1301343045, Facility 6 – Bioswale – 19 Stravinsky Ave – TP 1301343045, Facility 7 – Wet Pond – 5350 S. Bayberry Pky -TP 1301314106, Facility 8 – Wet Pond – 200 Stravinsky Ave -TP 1301323038, Facility 9 - Wet Pond – 614 Vivaldi Dr - TP 1301341211, Facility 10 – Bioswale – 615 Vivaldi Dr – TP 1301341032, Facility 11 – Bioretention – 5401 S Bayberry Pky – TP 1301332220

We, the members of the Maintenance Organization, are fully aware of our rights and responsibilities pursuant to *New Castle County Code* Chapter 13 and *Delaware Code* Title 9, Chapter 34. In summary New Castle County will determine the annual cost of maintaining the stormwater management facilities which will be divided equally and billed to each member of the Maintenance Organization on the New Castle County tax bill as the "Stormwater Maintenance Fee". **Please note that maintenance costs will increase as additional phases and therefore facilities, are deeded over to the community.**

The initial Stormwater Maintenance fee is typically based upon maintaining the stormwater management facilities beginning on January 1st after the Petition has been accepted by the Department and approved by County Council. The initial stormwater maintenance fee will cover maintenance cost of the facility for approximately 18 months because the tax bill is not sent out until September. The initial Stormwater Maintenance Fee to maintain the above listed facility will be $69.66 per lot and will be billed to each member in accordance with the Maintenance Organization's Bylaws and Declaration of Restrictions.

The stormwater maintenance fee for the following year, approximately 12 months, is estimated to be $51.44 per lot. Subsequent or future rates shall be at the discretion of the County based on its' cost to maintain the identified facilities and the associated administrative cost.

My **yes vote** below is for the Maintenance Organization **to enroll** into the Stormwater Maintenance District Program.

My **no vote** below is for the Maintenance Organization **not to enroll** into the Stormwater Maintenance District Program.

SYNOPSIS: This Ordinance, if approved, amends the FY2025 Approved Operating Budget by realigning $700,000 from General Fund Debt Service to the Department of Public Works, Division of Fleet Operations Materials and Supplies Budget Line Item in the amount of $350,000 and to the Department of Public Safety, Division of Police Materials and Supplies Budget Line Item in the amount of $350,000. These funds are needed for gasoline purchases, materials and supplies purchases to outfit the current police academy and to provide sufficient funding for every day operational needs for the Division of Police.

FISCAL NOTE: This Ordinance, if approved, amends the FY2025 Approved Operating Budget by realigning $700,000 from General Fund Debt Service to the Department of Public Works, Division of Fleet Operations Materials and Supplies Budget Line Item in the amount of $350,000 and to the Department of Public Safety, Division of Police Materials and Supplies Budget Line Item in the amount of $350,000. These funds are needed for gasoline purchases, materials and supplies purchases to outfit the current police academy and to provide sufficient funding for every day operational needs for the Division of Police. Additionally, an offset of Operating Budget Charges and Credits is included to appropriately realign expenditures to Departments utilizing fleet services.

This realignment of funding will result in no increase to the FY2025 Approved Operating Budget as the legislation is a transfer of funds between Departments and within the same fund.
